

Coronavirus Risk Assessment (September 2020)

Risk Assessment Number: 001	Assessment date: 10/09/2020
Task / Work Area Assessed: Sports Hall	Assessor: Jade Waldron

We have assessed the overall risk of an event by multiplying the 'outcome' (worst case scenario) with its 'likelihood' as follows:

Outcome					Likelihood					Risk Rating (Outcome x Likelihood)		
10	8	5	3	1	10	8	5	2	1	Low	Medium	High
Fatality	Severe Injury	Lost Time Injury	Minor Injury	No Injury	Certain	Very likely	Likely	Unlikely	Remote	1 - 19	20 - 49	50 - 100

GYMNASTICS

Persons affected	Hazards	Control Measures in Place	Outcome	Likelihood	Risk Rating	Further action needed?
Staff, children, parents ('members')	Children and parents arriving on site - possible cross-contamination	<p>10-minute cleaning intervals</p> <ul style="list-style-type: none"> - members avoid crossing over - cleaning time for coaches to sanitise all equipment used - sanitising stations at doors must be used by all members before entering/leaving the gymnasium (incl. use of bathroom) <p>one-way system - no waiting</p> <ul style="list-style-type: none"> - all corridors are clearly arrowed with directions to follow when dropping off - parents must not wait inside the venue during sessions. They should wait in their vehicles and only enter the building to drop-off - doors to gym remain open (where it is safe to do so) to avoid touch/crowding, staffed by coach before/after sessions - maintain at least 1m distance between yourself and other members <p>arriving ready and use of coned areas</p> <ul style="list-style-type: none"> - gymnasts must arrive ready in their gear - gymnasts must use coned area to store their belongings, keeping them 	5 Lost Time Injury	5 Likely	25 Medium	Y

		<p>neat and tidy</p> <p>leaving promptly</p> <ul style="list-style-type: none"> - coaches to sign gymnasts out after each session to their parent on arrival. - Parents to wait outside at the collection point on the pedestrian path - Parents must arrive on-time to collect - children who are not collected at said time will be asked to move into an isolated area to avoid cross over with the next class <p>vulnerable and self-isolating family members</p> <ul style="list-style-type: none"> - members should not attend if any of their family members are deemed vulnerable (expectant or new mother, elderly etc.) until further notice - members must not attend if any of their family members are in self-isolation 				
Staff, children, parents ('members')	Member has contact (within the last two weeks) with someone who has tested positive for Covid-19	<p>disclosure</p> <ul style="list-style-type: none"> - in these circumstances, parents should disclose this information to Jade Waldron as soon as they can (jade@inspiredgymnastics.com or face-to-face) where the matter will be dealt with discretely and sensitively - site closure may be advised by Public 	5 Lost Time Injury	2 Unlikely	10 Low	N

		Health England				
Staff, children parents ('members')	Droplets and/or virus on equipment/doors	<p>equipment sanitisation</p> <ul style="list-style-type: none"> - cleaning boxes at each piece of equipment for coaches to clean after use (between rotations). Additionally, if there are obvious signs of droplets during a session, these will be cleaned immediately by coach - all equipment will be cleaned between sessions by coaches, who will follow a strict rota - the equipment 'bars' will be unavailable, since they involve too much handling by our members - velvet beams will also not be used since they cannot yet be cleaned without damaging its fabric <p>doors</p> <ul style="list-style-type: none"> - doors to be kept open where possible to minimise touching of handles - cleaning of door push-pads by coaches between sessions - automatic hand gel dispensers at these entry/exit points 	5 Lost Time Injury	5 Likely	25 Medium	Y

Staff, children parents ('members')	Sneezing, coughing	<p>good hygiene practices</p> <ul style="list-style-type: none"> - members must practice good hygiene where possible, such as: coughing/sneezing into tissue; disposing their litter in the bins provided; regularly cleaning/sanitising hands (especially after coughing/sneezing) - face-touching discouraged; hair tied back as usual - display posters with clear guidance on handwashing/sanitising 	5 Lost Time Injury	5 Likely	25 Medium	Y
Staff, children, parents ('members')	<p>Identification of member(s) with potential infection from:</p> <ul style="list-style-type: none"> • cough • fever • shortness of breath • sore throat 	<p>isolation area and cancelation</p> <ul style="list-style-type: none"> - isolation area available to accommodate member(s) who feel ill behind a closed door (office space) - session will be cancelled, and the risk assessment reviewed 	5 Lost Time Injury	2 Unlikely	10 Low	N

Children	Children not socially distancing properly in the gymnasium	<p>increased space</p> <ul style="list-style-type: none"> - revised gym layout to comply with guidance on social distancing. - 2 zoned areas partition the members and no crossing between these zones - children per session limited to 24; children per group limited to 6. <p>no-contact coaching</p> <ul style="list-style-type: none"> - in line with new BG regulations, coaches must avoid supporting children unless they are in imminent danger or in need of first aid - coaches must instruct their gymnasts at a level where they can perform skills safely without support 	5 Lost Time Injury	5 Likely	25 Medium	N
Staff, children, parents ('member')	Fire Emergency which could compromise social distancing	<ul style="list-style-type: none"> - Upon hearing the fire alarm, the building will be evacuated using the normal Inspired Gymnastics fire evacuation processes. As long as we cannot see fire or the products of combustion such as smoke, light or feel heat, coaches will lead their gymnasts to the nearest exits and evacuation points within the car park, maintaining at least 1m gaps at all times (including at the assembly points). Registers will be taken by coaches and the Senior Fire Office will control the evacuation of the premises. If fire or the products of 	8 Severe Injury	1 Remote	8 Low	N

		<p>combustion are seen or felt the building is simply to be evacuated as quickly as possible regardless of social distancing. If social distancing is compromised in this event, those who have been involved may be segregated from those who were able to evacuate while observing social distancing and later receive medical screening by the ambulance service.</p>

Further Control Measures	Further Control Measures Follow Up		
	Allocated to (Name)	Target date	Date completed
<ul style="list-style-type: none"> - ensure adequate Safeguarding is in place to cover the removal of parents - develop a plan to restart classes in the event that a member becomes unknowingly infected and site closure is advised by Public Health England 			

Risk assessment to be reviewed shortly after start-up (28/10/2020), then periodically every 3 months.
